

Configuration cat for iphone

Please note:

Before proceeding, make sure that you have your wifi credentials. the username coincides with your mailing address; in case you forget your password, you can change it independently at www.wifi.unicampania.it using the orange **“Modifica password WIFI”** button available after you have identified yourself through centralized authentication.

Go to cat.eduroam.org and click on **“Click here to download your eduroam® installer.”**

The screenshot shows the eduroam CAT mobile app interface. At the top, the status bar displays the time 09:49, signal strength, Wi-Fi, and battery level at 82%. Below the status bar is a banner image of a group of people. The banner text reads: "eduroam® installation made easy: dispositivi Apple iOS". Below the banner, there is a blue box with white text: "Costruito su misura per la tua organizzazione" and "Firmato digitalmente dall'organizzazione che coordina eduroam®: GÉANT Association".

Benvenuti in eduroam CAT

Connetti il tuo dispositivo a eduroam®

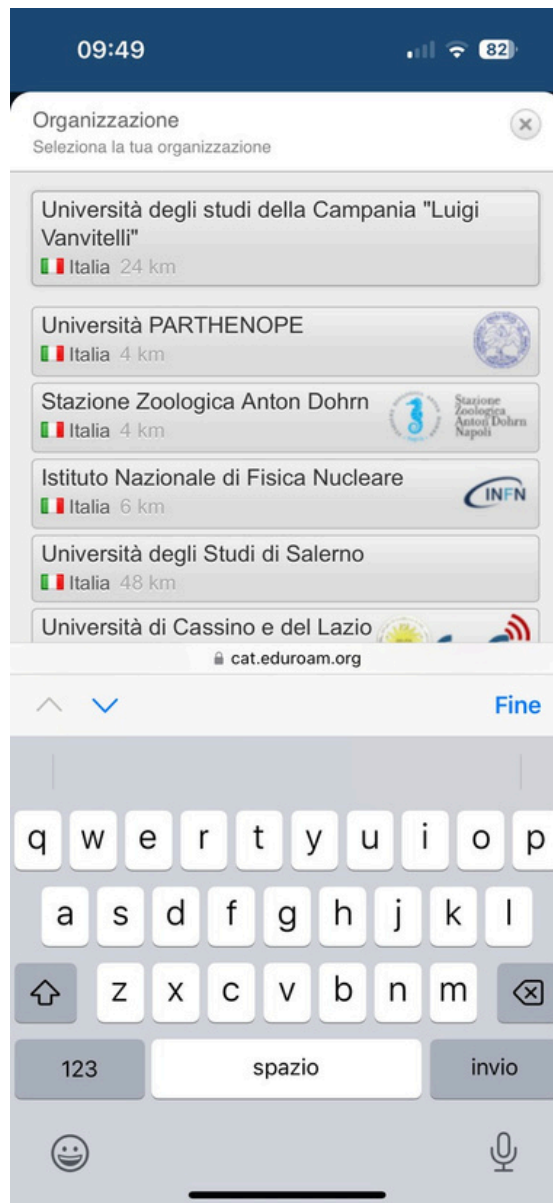

eduroam® fornisce l'accesso a migliaia di hotspot Wi-Fi in tutto il mondo, gratuitamente. [Per saperne di più](#)

Next, click on **“Allow”** and select **“iPhone.”**

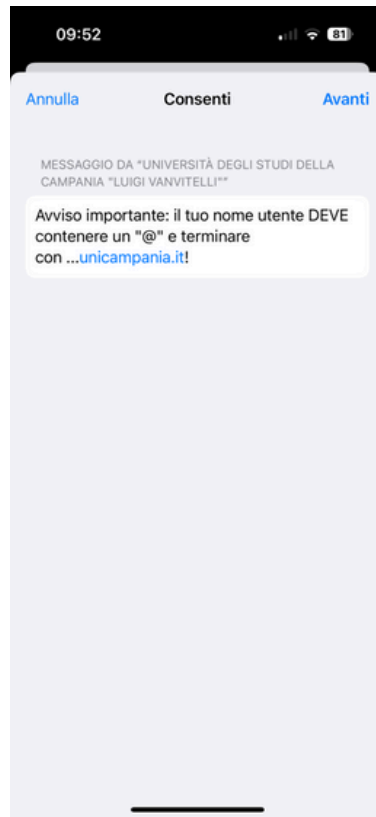

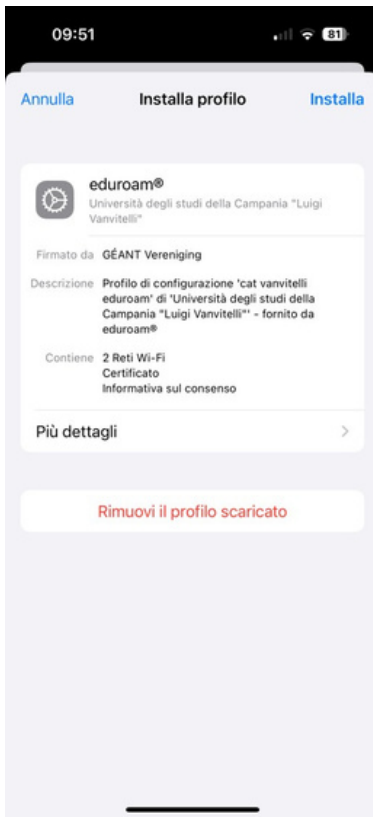

Now go into **settings** and look for **VPN and device management**.

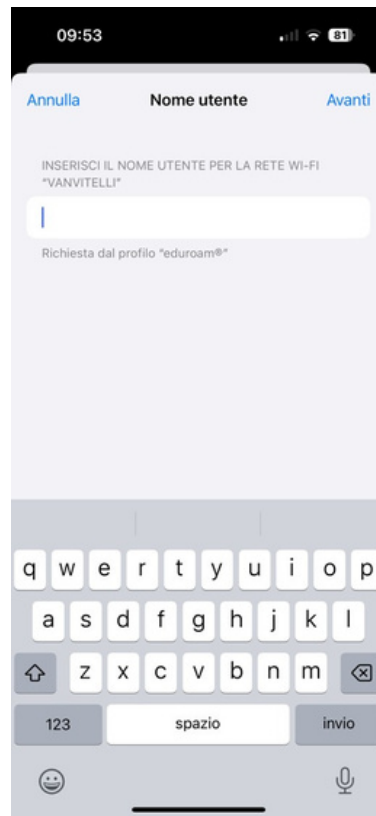

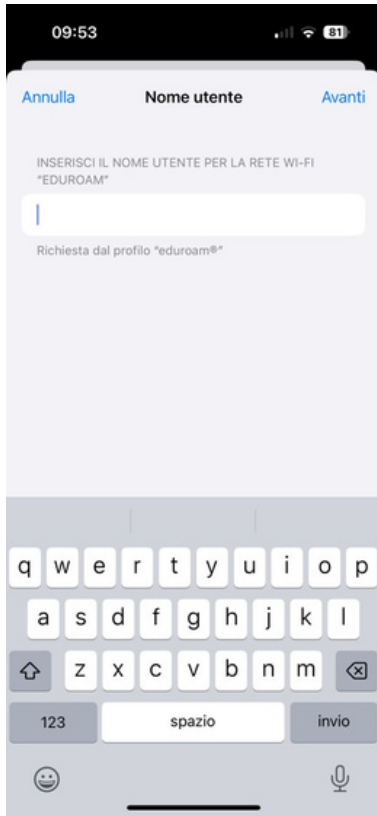

If present delete the old profiles.

Open the downloaded profile and click on **Install**, then on forward and infine again on **Install**.

Enter your wifi credentials, manageable at www.wifi.unicampania.it, for both the eduroam and vanvitelli networks.

If the credentials you entered are correct, you should automatically connect to the university wifi.
